

# Military Capability Statement

Optimizing Wound Closure for Prolonged Field Care

## QUICK, EFFECTIVE, NEEDLE-FREE SKIN CLOSURE

- **Program of Record:** Standardized in US Navy, Marine Corps, & MARSOC AMALs. TRL-9 combat proven.
- **Prolonged Field Care:** Secure 7-10+ day hold supports delayed evacuation or immediate return to duty.
- **Minimal Training Burden:** Mastered in minutes with high skill retention, reducing pre-deployment training.
- **Extreme Environments:** Validated in Arctic freezing conditions & on wet, bloody, or diaphoretic skin.
- **Medic Efficiency:** Rapid "Place & Pull" application minimizes closure time. Haptic feedback on closure.
- **Logistics Independent:** Light (0.15 oz) & sterile, requires no lidocaine or other critical supplies.
- **All ROCs:** For temporary or final closure on straight, jagged or curving wounds; from field to hospital.

### Simple Process: "Place & Pull"

**Unique Entity ID:** VC6SGH5HDBL5

**NAICS Code:** 339113, Surgical Appliance & Supplies Manufacturing

**CAGE Code:** 7K3F7
